

May 9, 1938.

Mr. C. W. Hagenbuch,  
Director of Personnel,  
Sheffield Steel Corporation,  
Kansas City, Missouri.

Dear Mr. Hagenbuch:

Thank you very much for your favor of the 7th instant. I can very much appreciate the difficulty you are in, but I wanted you to know that I am always endeavoring to help our young men whenever possible. You will please consider my letter in that light.

Mr. Gray is a grand friend of ours, but I certainly would never want to presume on his friendship. I am sure that he understands the spirit in which I write him.

I spoke last Friday night at the Parent-Teachers Association of the Rosedale High School. Mr. James Page, of the Kansas City Structural Steel, was the toastmaster and I had a splendid opportunity to visit with him during the course of the dinner. He told me that if it were not for the back orders that the company had received before the recession they would be in a bad way now. I am very sure that applies to all steel industry, as well as kindred industries.

I will pass this application blank on to Carl Johnson and have him fill it out and return it to you. He will undoubtedly desire to see you in the very near future if for no other good reason than to make the necessary contacts.

With every good wish, I am

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
