Professor E. Elbel,
Dept. of Physical Education,
Kansas University,
Lawrence, Kansas.

Dear Mr. Elbel::

I have been informed that Kansas University is preparing to offer a graduate course in Physical Education for a Master's Degree.

If the above is true, when will you be able to give the Master's Degree? Also will you give courses this summer? If so how many hours will be given to a beginner?

I have a College Major in Physical Education and am planning to start work on my Master's Degree this summer.

I will appreciate a prompt answer.

Sincerely yours,

George M. Parker,
Southwestern College,
Winfield, Kansas.
