

November 20, 1937

Mr. Clyde Coulson,
209 West 9th Street,
Newton, Kansas.

Dear Mr. Coulson:

Your letter addressed to the Registrar was forwarded to Dean Schwegler, of the School of Education, and in turn was forwarded to me.

We are very happy to have your inquiry regarding graduate work in Physical Education in the School of Education. We are working on this matter very definitely now toward the establishment of such course. It looks quite favorable for the immediate or near future.

You will hear from me as we make progress.

With every good wish, I am

Cordially yours,

FCA:AH

Director of Physical Education.
