Dear Dr. Allen;

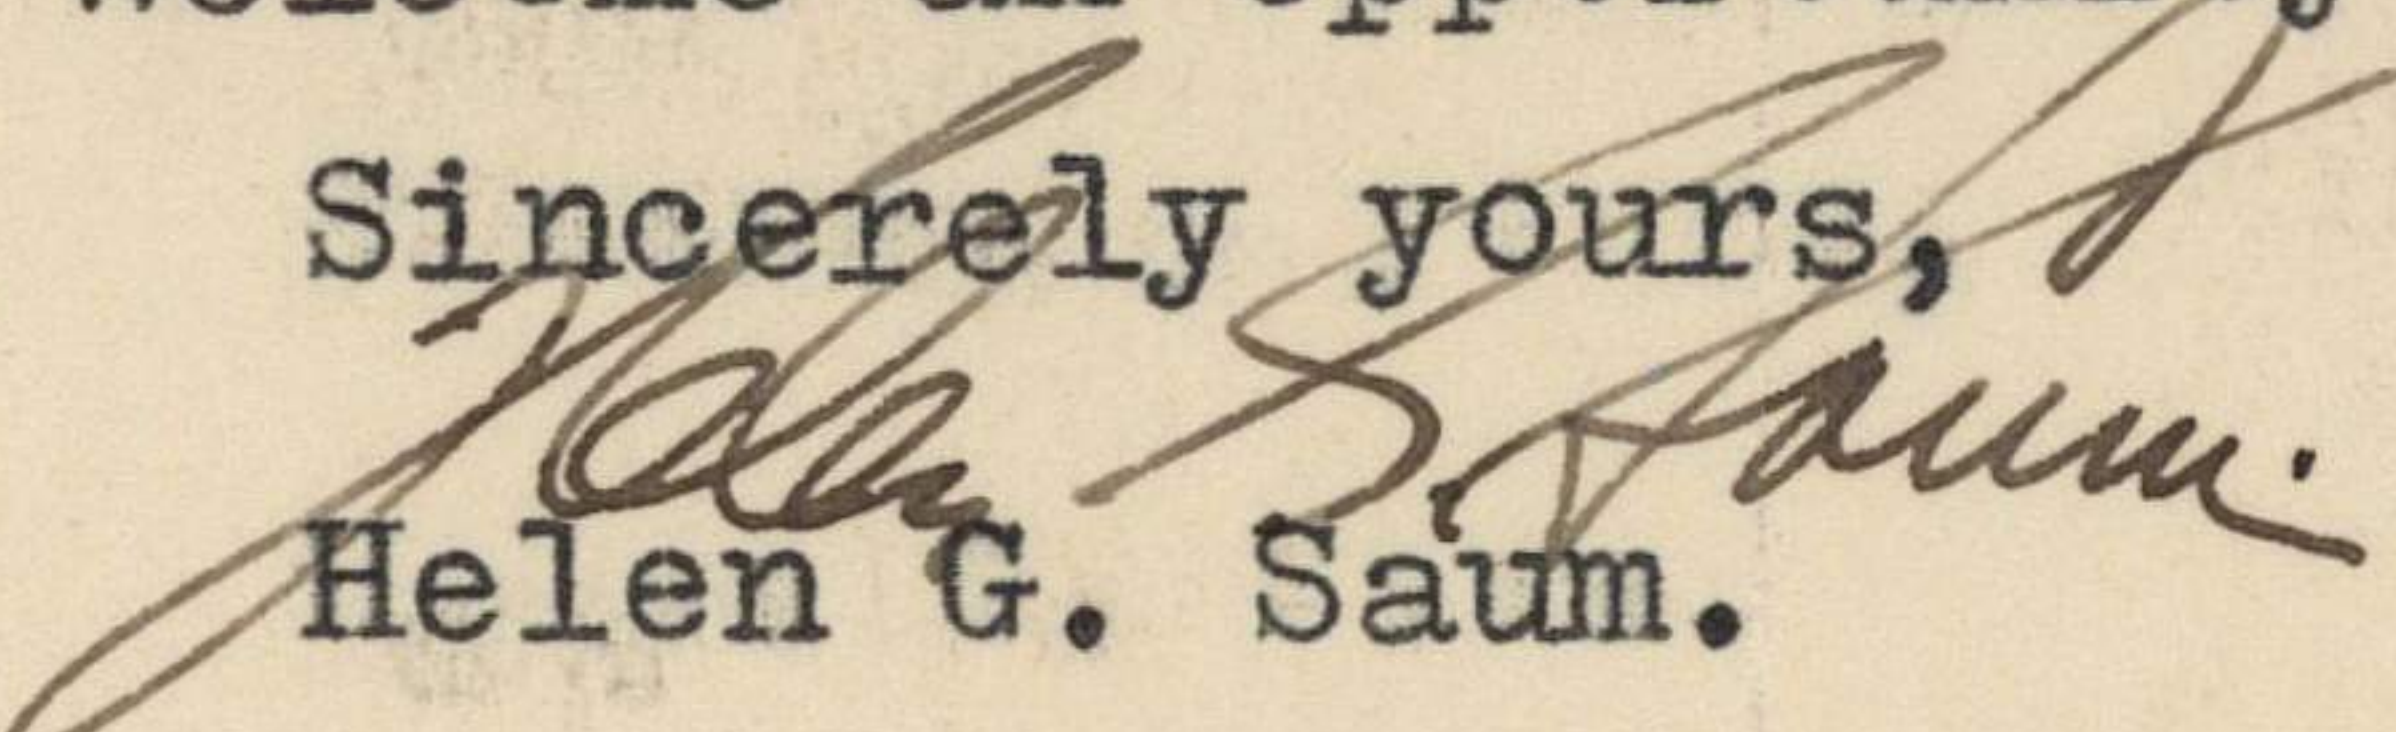

I have written to Miss Cave, asking that she send to you, the names of the people suggested at the meeting for Radio Publicity. I did not take them down. For Manhattan, Miss Katherine Geyer will serve for the women, Mr. Washburn was named as the man.

There is one additional Round Table Chairman, whose name was ~~omitted~~ omitted from the previous list sent to you - Mr. R.E. Titus, Winfield is in charge of the program at Wichita.

I have written to Dr. Arthur Hertzler of Halstead and Dean Raymond Schwegler of K.U. asking them to speak at two general sessions. These names, I'm sure, would be drawing cards for our meeting and if you can influence Dean Schwegler to come, we will all appreciate your efforts. I am sure we can make arrangements to take care of Glenn Cunningham's transportation, if we can get him.

I have written to the manager of the Humphrey-Weidman Dance Group to see if they will consider a percentage of ticket sales to make an appearance at McPherson for our convention and the public as well. If we can get them on this basis, I feel that they should draw a very sizable crowd with a little publicity through out the state and at the same time, offer us a means of making some money to carry out our plans for the various surveys. They have had this sort of attraction at the larger conventions with great success and since they have the dates open and are in this territory, it would seem to be something to consider. What do you think of the idea? Miss Dunkel can tell you about their reputation as a dance group, but of course, out here in Kansas they may be a bit over the heads of the ordinary audience. I was thinking that McPherson is an oil town and they spend plenty of money down there, they may welcome an opportunity like this.

Sincerely yours,

Helen G. Saum.
