Dr. Forrest C. Allen
Physical Ed Department
University of Kansas
Lawrence, Kansas.

Dear Dr. Allen:

Just another note in regard to Earl Price, star Caldwell High School athlete. Hate to keep harping on the same note, but feel that he is an exceptionally fine prospect, and that K.U. cannot afford to let him get away.

Talked to him over the weekend, and he said that he had received a form from Athletic Director Quigley to be filled out. Gathered however that he has received no personal word from you as yet. I think such a letter would be particularly helpful in bringing him to Lawrence. As I told you previously, certain Kansas State alumni are attempting to interest him in attending that school.

Had the opportunity last Friday night of seeing him perform as the Caldwell team (with only three lettermen back from last year) upset the S.K.L. league-leaders and favorites, Anthony High School, 7 to 0. The boy did about everything that could possibly be done on the gridiron. He completed 11 of 14 passes (one of them for the lone touchdown of the game), intercepted a pass to stop Anthony's only serious threat, ripped the Anthony line apart for consistent gains on the ground, and tackled in a manner that reminded me of Ray Evans. He runs very fast for a big man, and has already mastered the knack of spinning as he goes thru the hole.

Also saw him play basketball last year, and he shows great promise in that sport.

I don't believe you would be making a mistake if you took exceptional interest in this boy. I have been following Arkansas Valley football this fall, and have yet to see a boy in that fast circuit who possesses Price's natural football talent.

An alumnus,

Don Keown.
