EDUCATION AND ATHLETICS

October 22, 1945

Dr. Forrest C. Allen  
Director of Physical Education  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen:

I enjoyed getting your letter very much, and immediately called your son, Milton, on the phone. We had a nice talk and I sent him some tickets for the St. Louis University and Rolla School of Mines Game, last Friday night, which he said he intended to attend.

As soon as possible, we will have lunch together, although it is a long way down town for me and equally far for him to come out here. We will plan to get together as soon as is possible. He said that he felt he would be in St. Louis, for six months at least, and I have asked him to come out at any time and watch our practice.

Milton also spoke about doing some officiating, so I have put his name on our list of Officials, hoping that he will be able to work for us.

From the looks of our Schedule and comparing it with yours, it's going to be a difficult task to play each other this year. Let's hope that we can do so in the future. We are trying to build at present and you know what a job that is. I do want to send best wishes to you for another successful Basketball season.

After Milton and I have had an opportunity to visit, I will write you again. With kindest personal regards.

Sincerely yours,

*Bob*  
R. M. KINNAN  
Athletic Director
