

9/16/45

Dear Sir:

I have been speaking to Mr. Ed. Ellis about wanting to enroll at the University this term if I can possibly get home in time.

I played ball with Owen Peck at Wyandotte High; since then I've played at Southwestern Louisiana Inst; a V-12 school.

Since Naval Aviation is so overcrowded they are permitting Cadets to withdraw. That gives me a chance for the Bill of Rights - and my chance for a college education. I have always wanted to go to K.U. and maybe compete in a few sports. Also I want to study Aero-nautical Engineering.

I would like very much to get in touch with Owen Peck - so he can help me get located, when I do get home.
