

would like for you to do!!! is to...
write him & invite him to work out
with you. I know he is the kind of
kid you would like to coach & he
thinks a lot of you. He wants
to work at the plant in Augusta
till next fall but he might go
next semester. ~~with~~ Wichita U~~B~~ is trying
to get him over there but he wants
petroleum Eng or some type Engineer-
ing so some literature from K.U. might
help. He believes in his dad & his dad
wants him to go to a good engineering
school. He is married to a well liked
girl who would like to go to school (I think)

Anyway "Doc" you can get some information
from K.U. Track coach - he saw Kennedy throw
the shot put & Javelin Also a Football player.

If Kennedy will go to K.U. I know of
another kid who will go when he gets out
of the Navy (Muriel Ewert) a long shot artist.

(Barr knows Kennedy)

Hope to be in your office soon. Atlanta, Kan
