Dear Sirs:

I am greatly concerned on which college to attend after I have received my discharge.

At the present time I am a Reserve here in the Marine Corps. I'm not sure when I will get out, however I would like to have all the possible information I can get pertaining to Physical Education as a Major at Kansas University.

I am a Kansas boy from Lincoln, which is a member of the N.C.K.L. I have already played four years of High School football and certainly hope to play four in college. As you can probably see I plan to make coaching my career.

I would appreciate it very much if you would send me information on the subject and your personal advice on my plans. Also is there any possible chance for a scholarship?

Sincerely,
