Dear Kap:

I was sure that you had gotten Rebounds Nos. 16 and 17, but for fear that you haven't I am mailing them out today to you. I have not written the Rebound 18 which was started on July 25. Mrs. Hulteen resigned her position July 1 to raise her family, and I have had two secretaries since. I dictated the first of the Rebound to my first secretary, but she left two weeks ago to have her mother operated on. She was to wire me the next day when she would return. I have not heard from her to this date, so I imagine the surgeon operated upon her. I trust that it was not fatal, but I have no way of knowing.

Francis was in last week and I had quite a visit with him. He brought me up to date on your operation, which your letter confirmed. He is looking fine and hopes to see you.

You will get a kick out of Engleman's crack about the Newton boys.

I was glad to learn of the Goal-Hi installments around your swimming pool.

I certainly will see that you get the next Rebound pronto as soon as we are able to get it out. With all good wishes to your complete and speedy recovery, I am

Sincerely yours,
