Mr. Otto L. Krula
Supt. of Schools
Netawaka, Kansas

Dear Supt. Krula:

In reply to your inquiry of the 29th instant, I am sending you a printed description of my text, "Better Basketball." I am also sending you a mimeographed sheet which may give you further information. I wrote this very informative text in 1939, and used as a guide, questions asked by my fourteen year old boy.

I used this gage, feeling that if I could write fundamentals plain enough for a youngster to understand, it would be revealing to a superintendent or a principal who had not had all these fundamentals told him.

If you will send me a check for \$4.00, plus 10¢ for mailing, I shall be glad to send this to you. I believe that it is the text that you would want.

Sincerely yours,

Forrest G. Allen
Director, Physical Education
