Mr. Clint W. Kanage, Sr., Jenkins Music Company, Kansas City, Mo.

Dear Clint:

Thanks so much, Clint, for your fine letter giving me the dope on Clint, Jr. Your letter came just too late to be used in the Rebounds, but will be used in the next Jay-hawk Rebounds which will be published a month, I hope, from the time the last one was sent out.

I know that Marine major had very good ground to say some nice things about Clint. Everybody does because Clint is not only a square shooter but a one hundred per center. I don't blame you at all for being very proud of Clint. He is a grand chap and we are all very fond of him.

You can bet on me to mention nothing that will embarrass our fighting men, and especially Clint.

Thanks for your good wishes. I took the letter home and read it to Mrs. Allen, which accounts for some of the lateness in acknowledging receipt of your splendid letter.

With all good wishes, I am

Sincerely yours,

Director of Physical Education, Varsity Basketball Coach.

Portis, Kansas, December the 14th, 1 3 ...

DR. F. C. ALLEN, Lawrence, Kansas.

Dear Dr. Allen:

Have that would send you a line now for some time but the usual busy days have interferred.

However, am prompted to write just now as I want to get the daddress of Marvin Sollenberger and if you can furnish same, I will be greatly obliged.

Been watching your team thru the papers and seems that you will have at least a pretty good club for a 'war' year. I do not now have the least idea who is strongest for the Big Six this year but I hope that you are one of them or even 'the' one. I spose that Oklahoma will be pretty good.

I have also been thinking that if all of your boys from last year had come back, that you would have a pretty nice team this year. Am I right on that? Also have wondered if all of those juniors will get back after the war for another year.

Max has finished his work at Albuquerque, New Mexico and is now at Athens, Georgia, (or on the way maybe today) where he will be for some time at GU. He did fine at Albuq. and his flying rating was right up at the top of ratings there. I think it was 85 in flying a grade that is seldom attained. His other general grades were also high and he made some new records there in the various sports and obstacles. But of course in some of those case, the competition was maybe limited.

Glad to hear from you any time and hope you have a big year in basketball and other ways too and that in another year we will have the Axix fellows in the fourth quarter and most of them fouled out.

Rgeards to all of your people.

Very Trully Y

Dear J. E.:

Mighty happy to have your good letter of the 14th instant and am hastening to give you Marvin Sollenberger's address. It is 413 North Bleckley Drive, Wichita 8, Kansas.

I am happy that Max finished his work at Albuquerque in fine style and is now on hiw way to the University of Georgia at Athens. These boys are gaining a great education in moving from place to place and seeing how people do things in other communities. The fact that Max made 85 in his flying certainly stamps him as an outstanding aviator.

I certainly hope that all the junior basketball boys will be able to return to the University of Kansas. We certainly will be tough on somebody's ball club. We have a rather ordinary team and the fact that the boys come from so many localities who have not had any freshman basketball fundamentals makes it doubly difficult to whittle a team into a comprehensive unit. However, we are doing the very best we can under the conditions, but I am not taking the results of our games too seriously, as I am more concerned with the war effort than I am in the athletic endeavors. Of course, we are not neglecting them but we are not losing any sleep when we lose a ball game.

Doubtless you have read about the play-off in Kansas City between Kansas, Missouri, Kansas State and Washburn. This should provide some nice competition and at the same time make a goodly amount of money for the athletic treasuries which at the present time seem pretty well depleted. I hope that you can get up to see one of our games, at least.

Give my kindest regards to your good wife and the rest of my friends in Portis. I am just getting out a new Jayhawk Rebounds and will send you one.

With all good wishes, I am

Very sincerely yours,

Lt. Commander Webb Key, U. S. Maval Training School, University of Kansas.

Dear Dr. Key:

Will you please give Mrs. Key a correct schedule of our basketball games this season? I am also enclosing one for you.

I am still checking to see that you get tickets to the games.

Dear Board Member:

In accordance with Article V, Section II of the By-Laws of the Kansas Congress of Parents and Teachers, the following Nominating Committee was named at the Post-Convention meeting of the Board of Managers, April 1943:

Mrs. Lucile Rust, Manhattan, Chairman
Mrs. William Downs, Hays
Mr. W. T. Markham, Topeka
Mrs. L. R. Fulton, Wichita
Mr. W. M. Richards, Emporia

According to Article V, Section I, of the By-Laws of the Kansas Congress of Parents and Teachers, Group one, consisting of the President, first Vice-President, and Secretary is the group to be elected in 1944. These officers shall be elected for a term of three years. Those holding these offices at present are not eligible for re-election to the same office. Article V, Section II, of the By-Laws states: "In the year of election of group one the nominating committee shall present to the newly elected officers, the hold over officers, and the district directors nominees for the chairmen of standing committees."

Please return the inclosed questionnaire to Mrs. Lucile Rust, Chairman, with any suggestions by December 18, 1943. Your opinions will be greatly appreciated by the Nominating Committee, as we do want to nominate to the state offices the best qualified persons available. If you wish to know those holding offices now, consult the directory of the Kansas Parent-Teacher magazine.

Thanking you, I am

Respectfully yours,

Mrs. Lucile Rust, Chairman Kansas State College Manhattan, Kansas

Dr. Forrest C. Allen Chairman of Physical Ed University of Kansas Lawrence, Kansas.

Dear Doctor:

Perhaps I shouldn't bother you at this time when you are in the midst of another basketball season, but, having caught the KU basketball bug while in school there, I thought you might be interested in a senior high school boy who is playing here with the local team.

The boy's name is Damon Weber. He stands about six feet, three inches, and weighs around 200 pounds, and is fast for his size. He is a defensive and rebounding specialist, and seldom shoots; therefore has received but little publicity this year -- but is in my opinion a very good college prospect with whom you could do great things. He is financially well off and able to attend college, but at present is engaged to a high school girl here, and is contemplating immediate marriage after graduation.

I think if you would get in touchwith the boy through correspondence, you might be able to do both him and the school's court squad some good. He stands high scholastically, and with a little encouragement would make an ideal college student and athlete.

There is also another senior six-footer on the team, Russell Goodpasture, who has led the squad in scoring most of the year, and in whom you might be interested.

If you should care to get in touch with one or both of these boys, a letter addressed merely to Caldwell, Kansas, will reach them. Toball delawalay affile Yours, J. Donald Keown. Dear Coach Allen:

Your excellent article will appear in our December issue. Since receiving it, I have received the enclosed letter from Coach Rupp.

If you find time to comply with this request, I will be happy to carry it, and I am sure it would be interesting and helpful to many coaches. If you have pictures illustrating these exercises, they would help and I will be glad to use them. In case you do not have pictures, if you will have your photographer make them, I will be glad to pay for them.

Dear Dwight:

I am enclosing an article and you can put any kind of a heading to it that you care to. It is not so hot I will admit but I felt that it would answer some of the questions that will be confronting a lot of the coaches this coming season. In fact, I have had many letters from coaches in regard to these problems and I felt that possibly an article along this line would help.

I would like to have you write to Dr. Allen and ask him to write an article in regard to setting-up exercises and the proper ones to use in basketball.

I have left some of the problems unanswered in hopes that other coaches would take it up and answer them for us.

Write again if I can be of help to you.

Sincerely yours,

Basketball Coach

Dear Dr. Allen:

I am wamting the address of Marvil Sollenberger and if you can send it or cite me to it, thanks for same.

I had copy your "Rebounds" some time back and glad to have same and found it greatly interesting as I knew or knew of many of the fellows mentioned.

If you care for anything on Max for a later issue here it is: Address is --

A/C Max E. Kissell, U.S.N.R. Albuquerque, New Mexico.

Naval Aviation V-5 -- University New Mexico.

He was at Mount Vernon Iowa, at Cornell all summer and I that did well there. He got to be Cadet Commander of his Battalion and always ranked well in all the athletic activity he took part in.

Down at Al--que, he was first on the Obstacle among the new group reporting then. They let him take a plane up right on the dot after he had had eight hours in the air and he got along fine and is flying there every day now.

They do not allow him any time off and as I get it some of them, including Max, will go to some California point, either St. Marys or Del Monte about middle of December.

I have been watching your BBall outlook and seems I heard that you might have John Buecher back. Guess that would help. I was just thinking that if you had all that outfit of last year back, you would really have a club. If they all did get back, wouldn't you have a pretty good club?

I am leaving tonight for Denver to attend a National Convention of the Reclamation Association. We hope to get a big dam in the Solomon river here about Portis about 25 miles.

In haste and kindest regards to all and may be down that way some time. Like to have your court schedule.

Very Truly
