

Brush teeth } twice
 Massage gums } daily

WHAT OTHER TEACHERS SAY ABOUT THIS PROGRAM

The chart has been a most wonderful aid in teaching; I simply could not do without it now. Thank you very much.
Elementary Teacher, Texas

There is no time during the day they enjoy as much as their "Gum Massage" period.
First Grade Teacher, North Carolina

Teaching mouth hygiene is no problem now for the children take a great interest in the wall chart and 8-point records.
Elementary Teacher, Mississippi

The children were so pleased with your material and every day we have our Talk on Teeth. Our Dental Hygienist comes around every so often and looks over the children's teeth, and we usually rank high with the care we give the teeth.
Primary Teacher, Pennsylvania

The children enjoyed the chart, the check-up sheets and the certificates. Especially the certificates! Now everyone is aiming toward earning one. I award the certificate just as soon as a check reveals perfect gums and teeth. The children were so enthusiastic that some of them have bought glass and frames and are having them hung in their bedrooms.
Teacher, Pennsylvania

I have been using your material and feel we have started my group of youngsters on the road to good health habits.
First Grade Teacher, Ohio

I have found the Certificate a real incentive and a goal toward which the children work.
Teacher, Long Island

DO NOT BITE HARD OBJECTS	I BRUSH MY TEETH AT LEAST TWICE DAILY	I MASSAGE MY GUMS EVERY TIME I BRUSH MY TEETH	EAT PROPERLY BALANCED DIET
