DR. F. C. ALLEN,  
Lawrence, Kansas.

Dear Dr. Allen:

I am wanting the address of Marvil Sollenberger and if you can send it or cite me to it, thanks for same.

I had copy your "Rebounds" some time back and glad to have same and found it greatly interesting as I knew or knew of many of the fellows mentioned.

If you care for anything on Max for a later issue here it is: Address is --

A/C Max E. Kissell, U.S.N.R. Albuquerque, New Mexico.

Naval Aviation V-5 -- University New Mexico.

He was at Mount Vernon Iowa, at Cornell all summer and I thot did well there. He got to be Cadet Commander of his Battalion and always ranked well in all the athletic activity he took part in.

Down at Al--que, he was first on the Obstacle among the new group reporting then. They let him take a plane up right on the dot after he had had eight hours in the air and he got along fine and is flying there every day now.

They do not allow him any time off and as I get it some of them, including Max, will go to some California point, either St. Marys or Del Monte about middle of December.

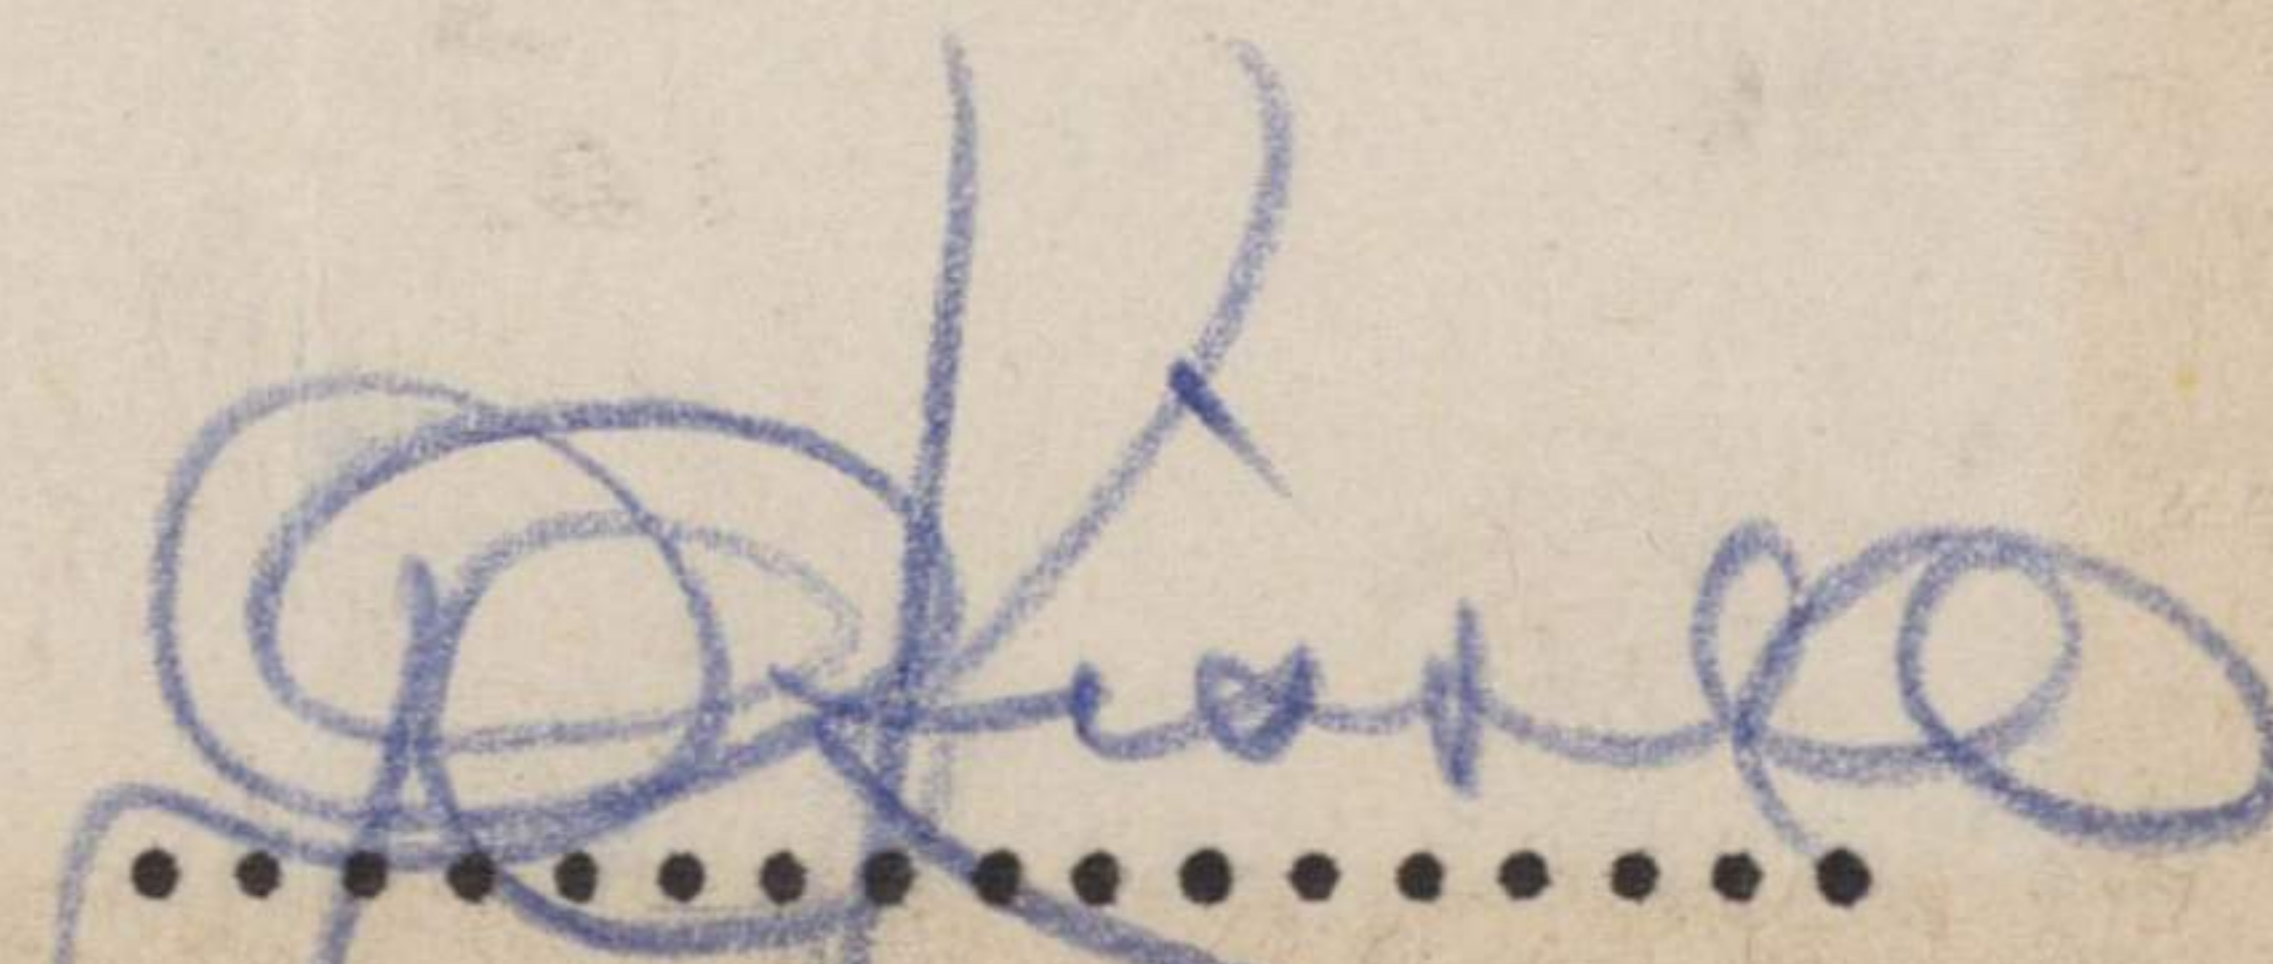

I have been watching your BBall outlook and seems I heard that you might have John Buecher back. Guess that would help. I was just thinking that if you had all that outfit of last year back, you would really have a club. If they all did get back, wouldn't you have a pretty good club?

I am leaving tonight for Denver to attend a National Convention of the Reclamation Association. We hope to get a big dam in the Solomon river here above Portis about 25 miles.

In haste and kindest regards to all and may be down that way some time. Like to have your court schedule.
