

UNITED STATES MARINE CORPS

Oct. 15, 1943

Dear Doc,

Received your latest newsletter and wanted you to know that I always enjoy them. I'm finally back to work - am instructing in the machine gun school at present. Paul Herzig, Phi Gam president - a year ahead of me, is out here. He's a captain & a swell guy - he spent nearly six months in the Solomons.

I ran into Bernie Bierman out here and he was lavish in his praise of Evans - said he was the best back he saw all last season and he saw some great ones. I passed the dope on to Mc Bride. If the valley ever had a better all-around athlete than Ray, I'd like to know who it was - (however, I am prejudiced). Give my best to all of your fine family - I think of you all often.

yours, Chit
