Dear Doc -

I received "The Rebound" yesterday after it chased me from one field to another. I certainly appreciate being on the mailing list and enjoyed reading the letters the boys have written in from all over the world. They're great boys, Doc, and you are proud of them I know. They played the game for you I now they're giving me some their best.

I have run into practically no K.U. ex athletes around here. Johnny Baker of So Cal who kicked the goal to beat Notre Dame about 10 yrs ago is near by & I know him well. He raises my opinion of So. Cal a great deal. Dick Armstrong of Kans Aggies (9934) is also at Moses Lake Air Base
