he first landed. I thought they might toughen them up to the tropical climate with a spell in New Caledonia but guess they just touched there & went right on. He said he hoped to "see Bill McKinley tomorrow" & in the next day's letter from Guadalcanal he said he was sorry but he had missed Bill. Of course he couldn't write where he was but we have known where he was all the time. However the mother of a Rockhurst boy who has been with him all the time, and is still with him, called Ruth today & told her that Kenneth - her boy had told her in a letter "I shouldn't say where I am, but it's Guadalcanal" and the censor passed it. However it just confirmed what we already knew.

Must stop & get to work - all good wishes - stop and see us when you get down here. We'll feed you & give you each a bed if Bill isn't home. In that case you'll have to sleep together. Always yours Clint Kanaga
