Dear Clint:

Mrs. Allen writes often but I am the guilty one when it comes to not corresponding with you. But I want you to know that I personally think you are one of our finest chaps that I know of. You have been interested in every good thing, and I sincerely trust that every good thing will come back to you.

I trust that this mimeographer letter will give you a little of the dope on the boys and will prove interesting to you.

You know always we are one hundred per cent for you, my boy.

With every good wish, I am, Your friend.

Sincerely,

FCA:AH
