Miss Ruth Krehbiel,
Corbin Hall,
Lawrence, Kansas.

Dear Ruth:

Last Friday night at a dinner party Chancellor Malott mentioned to me that it was his opinion we should put some life and go in the Rock Chalk yell. We are dragging it along so slow that we are losing the fervor of the yell.

I quite agree with him and some time before school opens in the fall I would like to talk with you. I believe that I could help put something over that not only would please the Chancellor but will be helpful in the yell. When it is convenient, drop in to see me.

And by the way, I mentioned the fact to the Chancellor that you had shown me the letter he wrote you, congratulating you upon the "Traditions Day" program in Fraser Theater this summer. He was pleased that you were happy with the letter you received from him.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
