

What really brought my good intentions to a head was the receipt today from Mrs K of the A.P. report of the M-U, game & Blacks spectacular work. I also saw the scores against Tucker & Co & A & M. for which I want to congratulate you & the boys. They have to be good to beat those teams within a week.

I was sorry that I didn't get to visit with you any before I left. Bob & I kept talking about that golf game but we both were so all fired busy we never had a moment & much I had a little difficulty getting latched up properly & that took more time & worry.

I know Bob is doing fine in school - I hope they don't pull him out before he finishes.

My best regards

Sincerely yours.
