

December 14, 1940

Dr. H.H. King
Vice-President, N.C.A.A.
Kansas State College
Manhattan, Kansas

Dear Dr. King:

We thoroughly appreciated your visit to our boys yesterday afternoon. It was swell of you to come up and be friendly with them. They got a great wallop out of it, and I also enjoyed the short conversation with you.

You are a great jollier. Remember, you can take any number that you like from ten years to one hundred.

Now, in regard to the other situation. You saw the letter that Dean Stockton showed you about Mr. Gray. I am sending you a carbon copy of a letter he wrote to me and my reply to him of this date.

By the way, I am going to visit our K-cousins at Manhattan on Monday evening. Wallace Swanson, the President of the K-Club was kind enough to invite me to speak at Willard Hall, Room 101, at 7:30, and I promise to say nothing, I hope, that will get me in jail either in Manhattan, Lawrence or the State of Kansas.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
