E. F.

Mr. Willis N. Kelly
Mayor
Hutchinson, Kansas

Dear Mayor Kelly:

I have your good letter of the 13th instant requesting that we set aside four tickets for our game with Kansas State and Oklahoma. We are very happy to do this for you. The tickets will be at the box office in your name for each of the games.

If you desire, we would be glad to mail the tickets to you. I have talked with Mr. Earl Falkenstien, our financial secretary of the Athletic Association, and he says the reservations have been made and are awaiting your disposition.

I have been told, by someone who seems to know, that your generous service to the State and to your community entitles you to more than these small courtesies which we are always happy to recognize. There will be no charge for these tickets.

It was good to see you at Wichita and it will be an added pleasure to have you and Mrs. Kelly and your guests in Lawrence.

Please remember me to your charming wife.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
