Honorable Willis N. Kelly,  
Hutchinson, Kansas.

Dear Mr. Kelly:

Thank you so much for your good letter and the clipping regarding Walter Quiring. I have talked to some of the boys and they are expecting to give Walter a good rush.

I am also writing a note to Walter telling him that we are very proud of him and hope that he chooses the University of Kansas for his alma mater. I do not know Walter's dad's name but I will find out, and we will do everything we can to interest this young man in the medical school of the University.

It is nice of you to write, and very considerate of you to wish us good luck in the tournament in Kansas City.

With all good wishes, I am

Very sincerely yours,

Dear Coach:

Thanks a great deal for your fine letter of March 6. I appreciate the nice things you said very much. JSD

Jap helped me straighten out the photographers between halves and I am going to talk to John Cronley, Daily Oklahoman sports editor, about keeping them in a corner for next year's games. I am sure we can work it out satisfactorily and if they want some special shots of you, I don't see why we can't shoot them before the game starts.

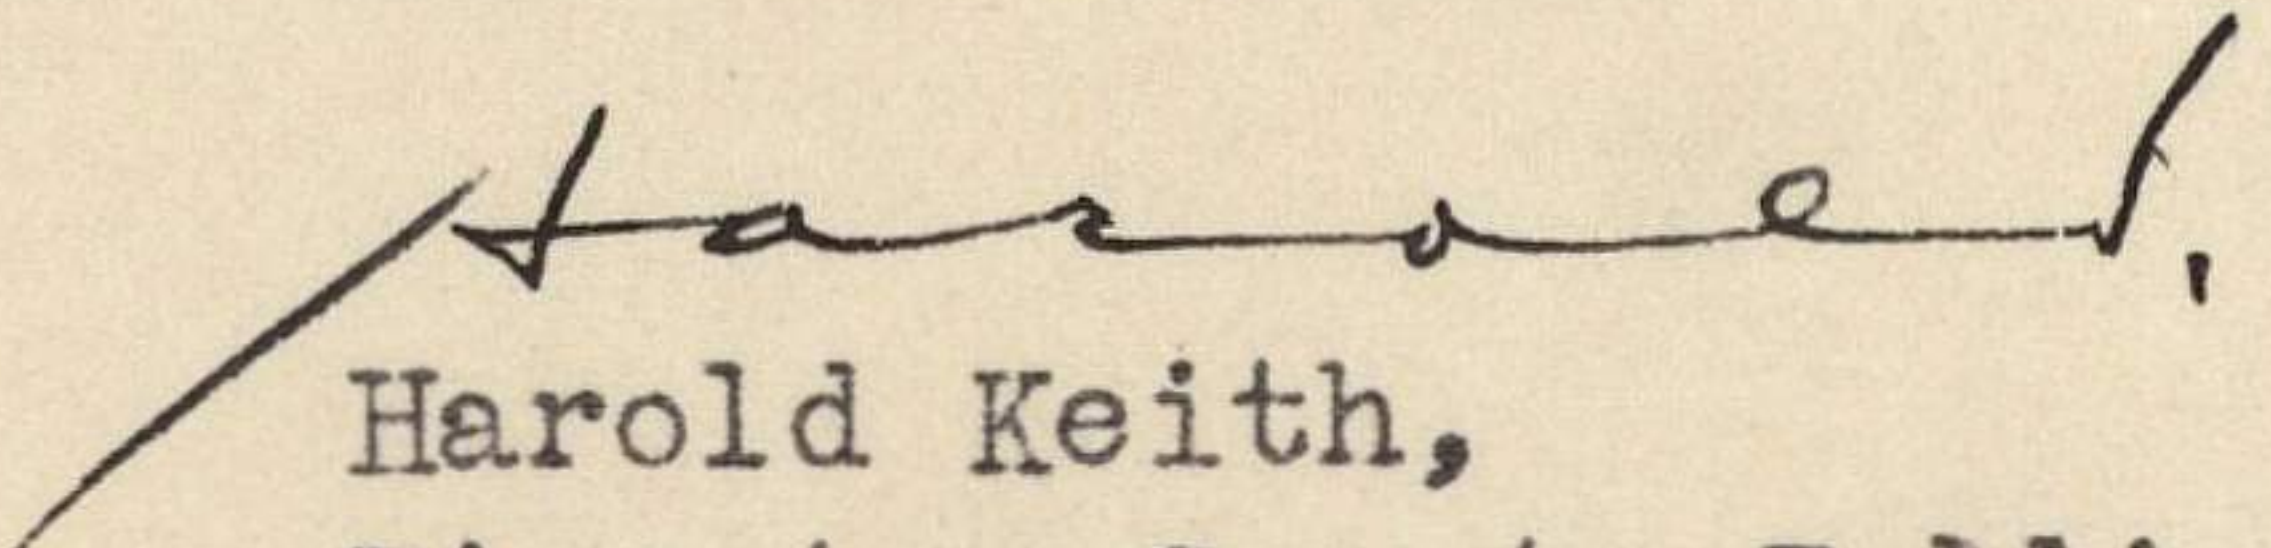

I passed your suggestions concerning the two-ball rule on to Bruce and you shouldn't have any trouble on that score hereafter. Naturally this is entirely out of my province but I showed it to Bruce anyhow and meanwhile he had received the carbon of your letter to me.

Good luck tonight in your game against the Aggies. We know you will do a swell job of representing the Big Six in the N.C.A.A. tournament like you did two years ago. It seems to me you have even more to work with this season than you had then. Better rebounding with Black in there. He is a corker.

Some of our people were bitter about not getting a chance in the playoff but the same rule clipped you last year so it looks like turn about is fair play.

With best wishes, I am

Sincerely yours,

Dear Art:

This is a belated acknowledgment of your letter of February 25th.

We have finished a long and rather strenuous basketball season, and are now starting the baseball schedule. We tied for the Big Six championship, and beat the Oklahoma Aggies in a play-off for the Fifth District N.C.A.A. championship, but fell by the wayside in the finals. We are happy indeed that we got as far as we did.

I do not have a set plan on a community recreation program, but I am glad to send you a copy of a rather complete bibliography that we use and also a copy of a program worked out by one of our students who was here in summer school a year or two ago. I hope that you will find something of value in this material.

Dear "Phog":

I certainly want to thank you for the splendid recommendation. I appreciate this very much. It will now be 6 to 8 weeks before I know whether I am accepted because the Secret Service Department has to check on me. I will feel dissapointed if I am not accepted, since I passed a splendid physical examination and have met al requirements.

Say Phog, if you have time I would appreciate you sending me your program on Recreation since I have charge of the whole County here as Director. I am always looking for ideas from a Leader such as yourself.

We had thought it would be possible to wait until fall to issue a new Correspondence Study catalogue but have just found that we must get material for one immediately. There has been an unusually heavy call for catalogues during this last year, and the number of enrollments has increased. This explains, therefore, why we are asking you to check again the catalogue material and to advise us at your early convenience whether or not it is satisfactory.

Thank you very much for your kind cooperations.

Dear Clint:

It was mighty fine of you to write me as you did regarding Bobby. I will convey your good wishes and congratulations to Mrs. Allen and I know it will please her most heartily. And I will not forget when I write Bobby to tell him of your thoughtfulness in writing Mrs. Allen and me regarding his achievements. Thank you very much.

Now, I want to tell you regarding your fine son, Clint. He asked Mrs. Allen and me over to the Phi Delt house for dinner last Thursday and we had a lovely time. Mrs. Allen said, after leaving the house, "Forrest, isn't Clint a most satisfactory boy? He seems to have everything - earnestness of purpose, sincerity of action, and a most pleasing and affable personality. He is forceful, and does not drift to superficiality."

We have always been very fond of Clint and I want you to know that there is a common bond among parents that makes us appreciate these fine things in youth.

With all good wishes to you and a deep appreciation for your writing, I am, with kindest personal regards,

Dear Mr. King:

I appreciate greatly your very kind letter of the 16th instant regarding Johnny Dewell. You have certainly been most kind and solicitous in endeavoring to land this young man for K.U.

Victor Hurt was Matty Bell's assistant at S.M.U., and he called on Johnny. Vic was quite sure that he was going to attend K.U., but I understand that he has definitely made up his mind for S.M.U.

During the Kansas Relays we invited the outstanding seniors of the state to come up and shoot goals with the varsity and attend the Relays. Johnny wrote that he thought he would come and then later he changed his mind and did not make the trip. I wrote Johnny and had a nice letter from him and I believe at one time he was quite interested in attending K.U. I remembered what you had told me and I had planned on dropping down to Newton to see him and while there I was going to ask you over to meet with us.

But I am pretty definitely sure now that Johnny has made up his mind to attend S.M.U. I understand on good authority that they have made him a very attractive offer, and unless I am mistaken I do not believe there is much of a chance for us. If you will kindly check into this matter with him I will appreciate it, but my source of information is pretty good.

Again thanking you for your extreme interest, and assuring you that I will be happy to see you at any time you come this way, I am

Very cordially yours,

Director of Physical Education and Recreation

Dr. Forrest Allen  
Lawrence, Kansas

Dear Dr. Allen:

Perhaps you will remember me from our meeting on several occasions. The last occasion being when I drove your car for your wife and daughter from Kansas City to Lawrence this spring.

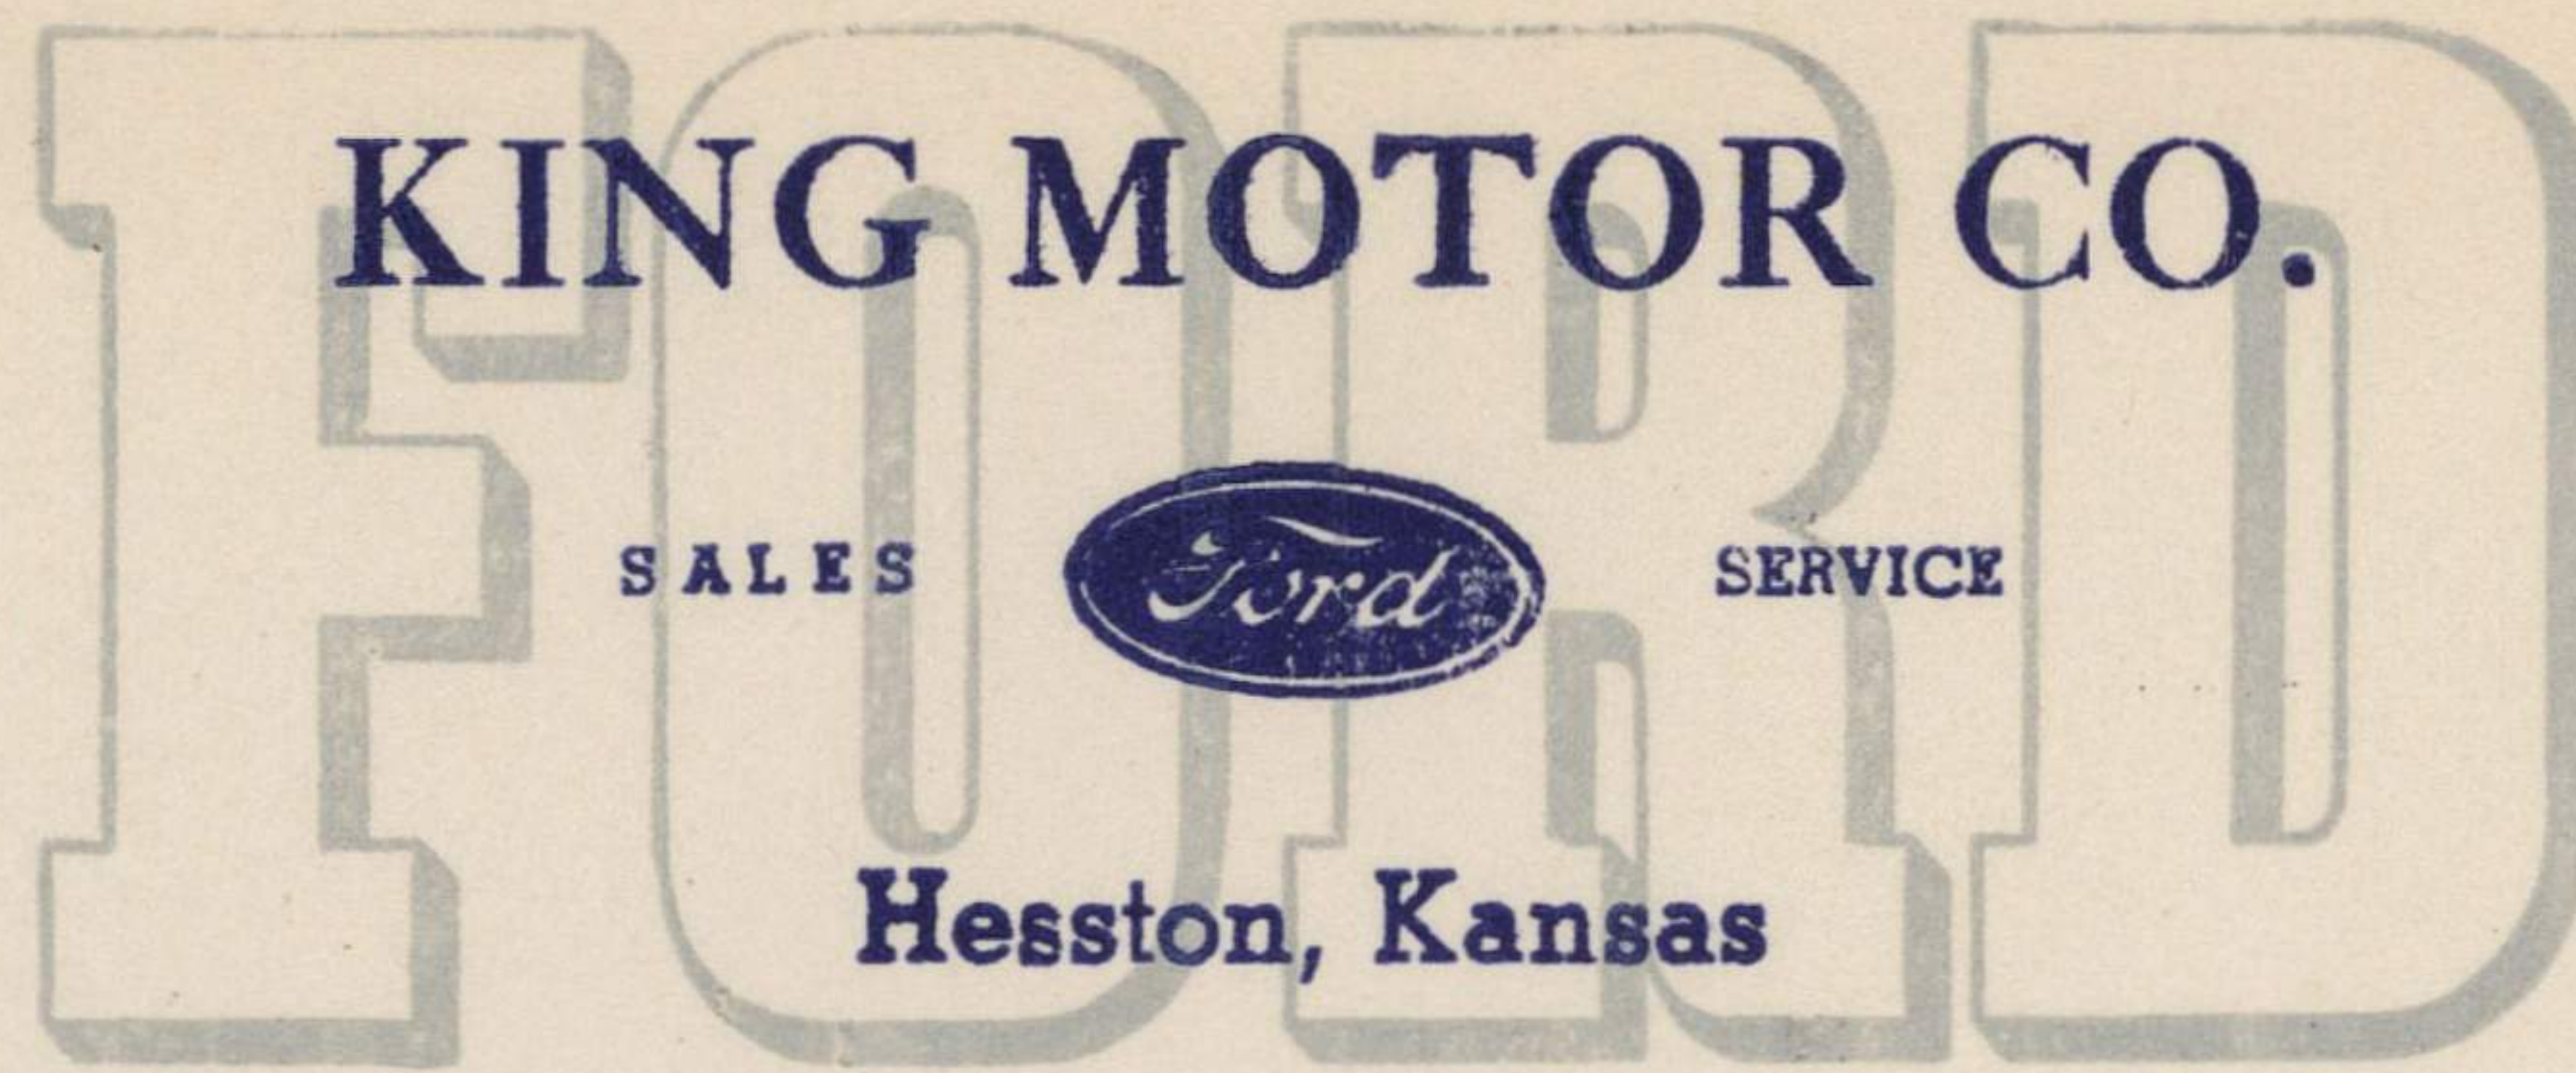

As I mentioned to you at that time the Newton High School Basket Ball star, Johnny Dewell, is graduating this spring and that I would like to see you contact him, trying to get him to go to K.U. He looks to me like he will make some University a good athlete. In fact according to his older brothers ability and the start that this boy has he might be a three letterman, Basketball, Football and Baseball. I have talked to him and also his brother Bill, who is a graduate of S.M.U. and as you perhaps know not only made a good record there, but last fall played with the Chicago Cardinals Pro-Football team and he also played with the Muskogee Western Assc. Baseball Club. (is a pitcher)

As near as I can figure Johnny's folks will let him decide which school to attend, but his brother Bill encourages S.M.U. which Johnny seems to consider quite strong. He is also considering Okla. Aggies.

I believe you have contacted Johnny, but as near as I can get it he has not as yet made up his mind, only is not considering K.U. very strong. However I can tip you off to this that he seemed to speak quite highly of one of your Asst. Football Coaches, I believe a Mr. Hurd, a former S.M.U. Coach. Perhaps if you and Mr. Hurd could contact him you could still get him lined up with K.U. or either one of you separately might be able to land him. I would suggest that you either phone him or write him at once making an appointment with him.

You perhaps understand the Newton set up which is as I'm sorry to say not favorable to send High School grads to K.U. As Hesston is only 8 miles from Newton I would be very glad to discuss with you men a few details before you see this boy, but I do not say I could do any

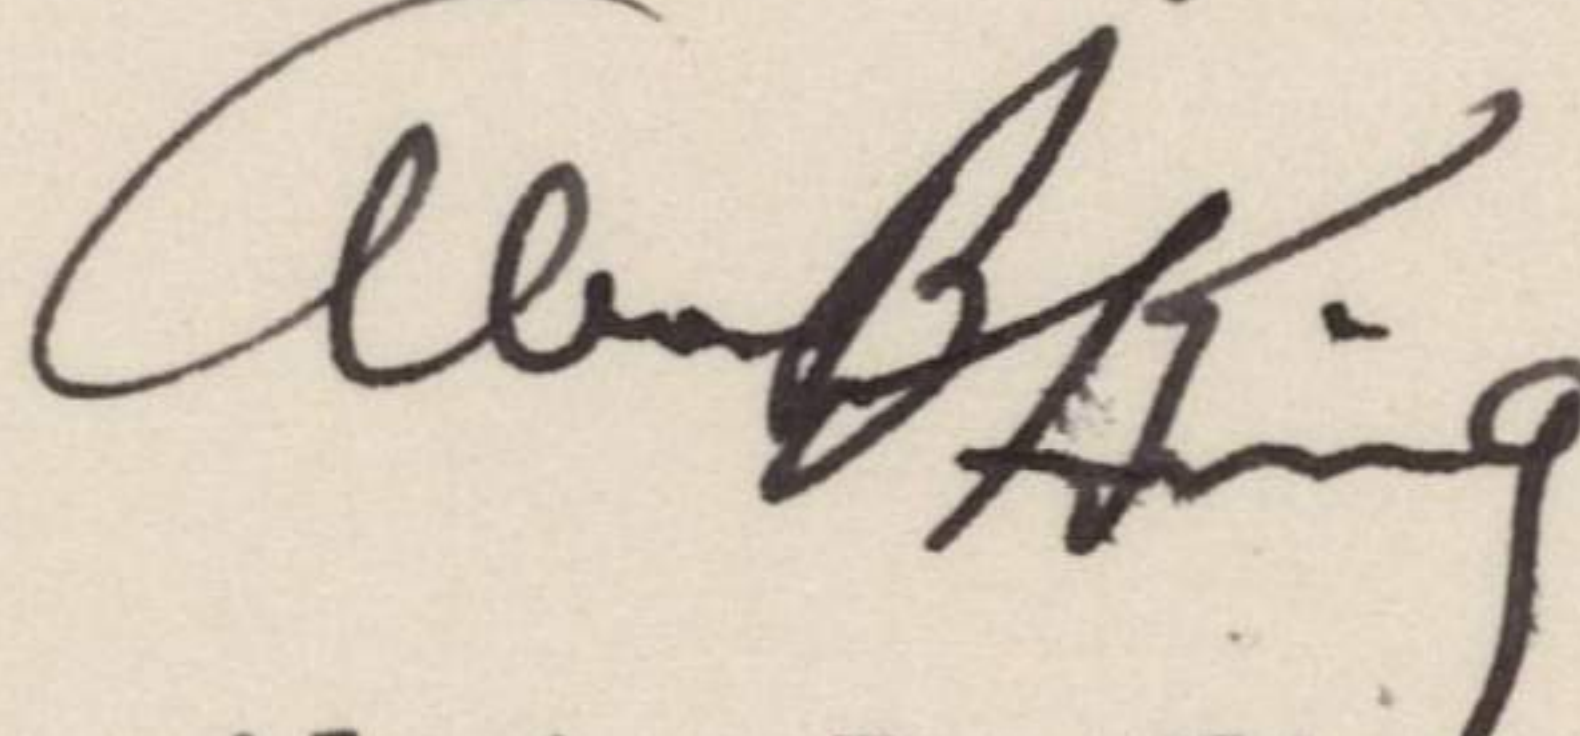

Dr. A. L. #2

good, but would certainly do all I could to help you. Also it is possible that I may be near Lawrence the first of the week and might arrange to see you at Lawrence if you would so request.

I hope you will take this letter in the spirit in which it is written, which is that I'm interested in your success as well as K.U. I disapprove of the way some things are handled at Newton High and I think that this boy is worth the chance that one might take for his future athletic value as well as a good student and good boy.

Yours very sincerely,

Alvin B. King

Mr. Clinton Kanaga, P.F.C.,

Dear Clint:

Mrs. Allen received your very nice letter and she read it to me yesterday evening. We enjoyed it very much indeed.

I am sorry that I did not get to see you and tell you good-bye before you left. I wanted to tell you how very proud we are of you in making the many friends and making the fine record that you did here at the University of Kansas. Everybody that I talked to spoke of your substantial record here.

I was talking to Caryl Dodd, the manager of the Gas Company, yesterday and he said, "You know the old Kanaga home, do you not?" He told me all about it when he came here in 1899. So you see the Kanagas have a long and honorable record here in Lawrence. And I am very sure that you will carry on in a splendid way at Quantico.

Max Kissell, Charlie Black, Bill Brill and Kenny Thompson are all applying for admission to the Officers Training in the U. S. Marine Corps. So you see you have started a path that many want to follow.

We are just finishing our examinations here and are getting in our grades. This, together with the usual rush of things at Commencement time, keeps us on the move.

Clint, I am not writing a long epistle, just letting you know that we think of you often and we are proud of your achievements.

With all good wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.

P.S. I dictated this letter just before your postcard arrived.

Dear Coach Allen:

I thought you would be interested in hearing of the change I am making in June. At that time I will join the coaching staff at Georgia Tech. I think it is a good break for me and I am sure I will like my new work.

Due to the war conditions, we are not making any elaborate plans for our coaching school this summer. We will offer a short course at Tech, but will not attempt to bring in any outside coaches. We still have pleasant memories of your visit with us, and I hope the time will come when we can have you with us again.

Dear Mr. Allen,

I have had a talk with the boys. They say that they did not disturb the markers. I then wrote notes to both parents telling them about the trouble. This is the note I received this noon. I had asked the parents to help the boys see you and get the matter settled.

The addresses are if you care to call on the parents. You can see their attitude. I did not accuse the boys nor did I tell
