Dear Doctor Kirkpatrick,

I am sending you some data on Goal-Hi together with an official rules book. I trust that you and your son will be able to decipher these hieroglyphics of basketball sufficiently for the children to have a lot of fun out of this game.

I have also autographed a varsity basketball for the youngsters. I realize that this autograph won't last long but generally youngsters like to know it is a K.U. basketball and the animated cartoon who happens to be the coach is always glad to do anything to make the youngsters happy.

With all good wishes I am

Sincerely yours,
