Dr. Forrest C. Allen
Head Basketball Coach,
The University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen,

In looking over Kansas' 1941-'42 basketball schedule, I note that your usually fine team plays but two games prior to its Big Six conference debut against the University of Oklahoma.

Undoubtedly you drew up this schedule and, in doing so, made definite plans for "bringing along" your team.

What I desire, in this respect, is your reasoning for arranging your schedule in the manner which you have.

I believe I am correct in stating many basketball coaches attempt to play as many non-conference foes as possible before getting into the customary league play.

Whatever information you give me, I feel obligated to tell you that I desire to print same.

I shall be grateful for any consideration shown me along these lines.

Sincerely,

Don Kellogg.
Star Sports.
