Gentlemen:

Dr. F. C. Allen, Director of Physical Education, at the University of Kansas, has just lodged a vigorous complaint with reference to the 100s Savita Yeast Tablets shipped to us by express and covered by your invoice dated October 30, invoice number B.C.16462, advising that the yeast is crumbly and old and is not satisfactory.

Dr. Allen has had considerable experience with your yeast tablets having purchased previous to last season through another source. He has carried over some Savita Yeast Tablets from one fall until the next without the yeast deteriorating.

We would appreciate your writing us immediately with reference to replacing these goods with fresh merchandise and disposition of remaining goods on hand.

Awaiting your prompt reply, we are

Yours truly,
