

Allen page two---March 12th.

In our game at Concordia where we went out, we lost by just a shade and the other two men who usually help Max with the scoring, failed to come through and we did not get enough points. At that I think there was some kind of a world's record set, in that the opposing team (Jamestown) had 29 chances at the free throw line. Some of our boys fouled pretty much and we had subs in at the finish. I wonder if 29 frees is not some kind of a record. Of course the other team did not make all the frees but they made enough to keep them in the running.

I must shut that talk off or you may think I am goofy on basketball (and maybe some others are like me.)

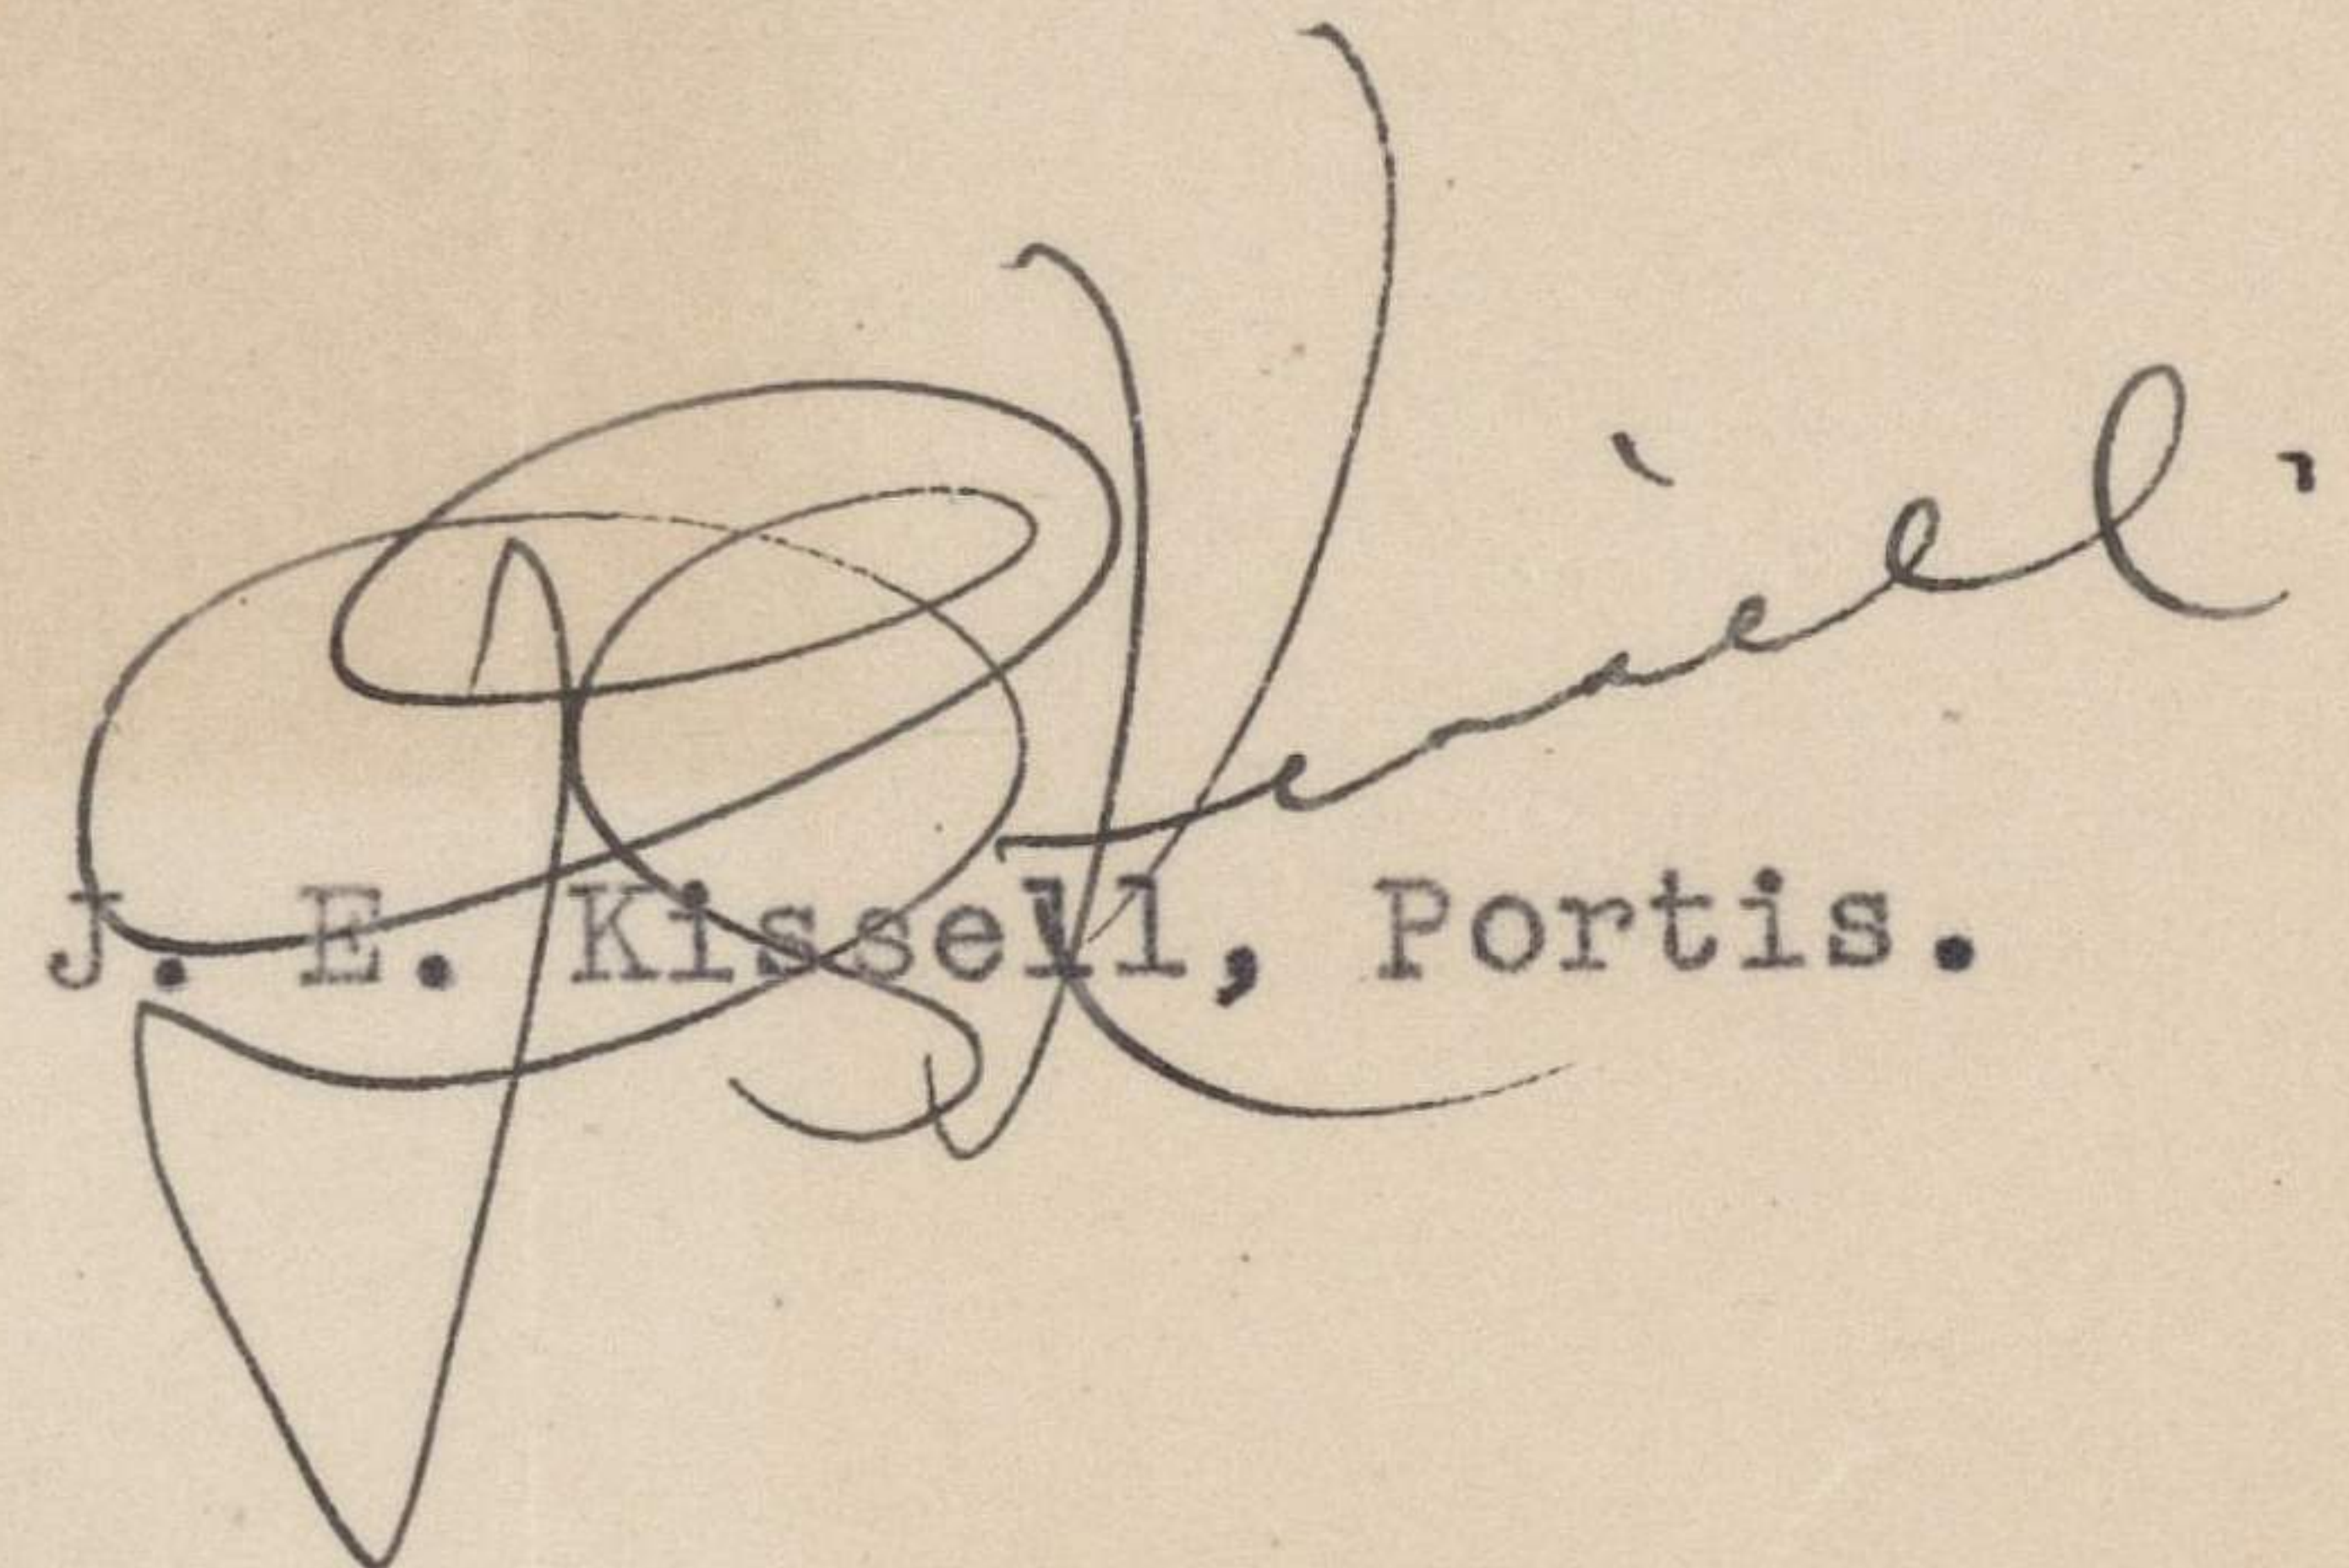

I watched all your games <sup>by paper</sup> and think you did well with the club there this year. I feel the bad knees of Miller and Engleman cost you at times.

I get the KU Kansan daily but do not see much in it about the fresh. boys and team. What are they doing? Are you really going to pick up some good men from that squad? What about that fellow Buescher, and Sollenberger, and Sanneman and our Downs boy Hall? I am not asking to be inquisitive but just wondered and do not want to bother you if you are busy and I know you are.

Sending herewith a program of the Concordia brackets.

Regards to you and all and tell the son, Bob, to give those Oklahoma teams all he has.

Most sincerely,

  
J. E. Kissell, Portis.
