INTERCOLLEGIATE ATHLETICS

December 11, 1939

Dr. Forrest C. Allen,
Basketball Coach,
University of Kansas,
Lawrence, Kansas.

Dear Coach:

I want to thank you for your letter of December 7. I always appreciate hearing from you and am particularly grateful for any suggestions you care to make.

I believe we will pass up the attack on Missouri, although I didn't like her preverted all-sports table any better than you. However I doubt if anybody took it seriously since it came in the middle of the year and besides Gayle Talbot of the New York Associated Press office recently misquoted us so badly in his recent Christman-Clark-Seymour story that we believe another blast at the Tigers would be out of place at this time.

Anxious to see you when you bring the Jayhawkers to Norman.
We hear your son is playing some real basketball this season.

Sincerely yours,

Harold Keith,
Director Sports Publicity
