

June 14, 1939.

Miss Barbara Turner,
Kansas City Sport Goods Co.,
Kansas City, Missouri.

Dear Miss Turner:

I am enclosing a bid sheet for your quotation on a dozen rubber suction darts, the kind we purchased from you for Miss Stapleton early in the spring. We should greatly appreciate it if you could send this back to us by return mail as we must get our order placed by Saturday, the 17th.

We are making plans for our summer recreation program, and are interested in two croquet sets for children. Do you have miniature sets, and what is your price for them?

Would you also give me your bid on half a dozen odd, assorted used steel shafted drivers and brassies? We may set up a driving range for the golfers if we can do it inexpensively. Also, what is your price on used, practice golf balls that would be suitable for a driving range?

I shall greatly appreciate it if I can have this information by Saturday.

Sincerely yours,

Secretary to Dr. F. C. Allen.
