

June 22, 1939.

Mr. Ernest H. Klamm,
213 No. Verdugo Road,
Glendale, California.

Dear Ernie:

Dr. Elbel handed me your wire which arrived this morning, and I immediately called Miss Rich asking her to send the revised certificate for secondary school work to the State Board, Department of Certification. She said you had talked to her about the matter, and that she would take care of it at once.

I hope you and Mrs. Klamm had a good trip to California, and that you will be able to get a fine job.

Things are going along smoothly here. Summer Session is well under way, the weather is perfect, and everybody seems happy.

Very sincerely yours,

Secretary to Dr. F. C. Allen.
