

February 19, 1938.

Mr. Wade Green, President,
K Club,
1335 Vermont St.,
Lawrence, Kansas.

Dear Wade:

Please convey to the K Club our very deep appreciation of the thoughtfulness of your organization in wiring our boys on the eve of the very critical game with the Sooners. Just before the boys went out on the floor your wire was passed from hand to hand so that they could see that you thought of them at this very critical junction.

Their coming through is an attestation to the fact that over the expanse of country minds do commingle. We appreciate your very loyal and thoughtful support.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
