

March 29, 1938.

President Raymond A. Kent,
University of Louisville,
Louisville, Kentucky.

Dear Ray:

We are hoping to arrange some basketball games for next Christmas vacation down south. We would like mighty well to play in your home city. I notice your court is fine, but your space for spectators is limited.

I am wondering, if we should be fortunate in planning the trip, if it would be possible to play the University of Louisville some time after Christmas. This is only a tentative plan, but nothing would please us better than to visit some of our old cronies during the winter basketball season.

Mary and the children are with us and we are having a great time. She expects to go back shortly, but she thinks Lawrence is O.K.

Our love to the Kents.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
