

April 11, 1938.

Mr. William Knox, Principal,  
Vinland High School,  
Vinland, Kansas.

Dear Mr. Knox:

I was sorry to miss your visit to my office the other day, and hope that you will find opportunity to come in again to see me.

I do not believe any of the majors in our department who are graduating this year are qualified to teach commercial subjects, but I am wondering if there is not some Lawrence boy who could make arrangements to do part-time coaching or teaching at Vinland High School.

I shall be very glad to talk over your problem with you some time at your convenience.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
