Announcement to Members N.A. of B.C.

Now that the season is just about history we can look back and join the second guessers in figuring out what might have been. Allen, Longorg, Meenan, Stegeman, Powell and others may have their championship teams but they can't lick us when it comes to second guessing. Every man is free and equal in that game and no mistake. The same goes when it comes to talking about rules.

Some of us think the rules are just about right and should stand as they are. Some of us feel there is something wrong with this game of basketball. Every man's opinion is as good as his neighbors' providing he expresses it at the right time and place. The time and place for second guessing on the rules is March 27, 28 at the ASTOR HOTEL.

Discussion of the rules is only one of the features of this meeting. I can't name them all in this letter. Printed programs will be sent later. But there will be time for pleasures as well as business and you'll miss the time of your life if you miss the meeting.

Seriously, everyone of us who earns his living in basketball owes it to himself and to the game and to the Association to be in New York March 27th and 28th.

Lets' make the watchword ATTENDANCE!

See you at the meeting.
