Hon. Forrest C. Allen  
Director of Physical Education  
University of Kansas  
Lawrence, Kansas

Dear Mr. Allen:

Under separate cover I am sending to you a copy of our Kansas Educational Directory in which you will find listed all of the class A high schools together with all other high schools.

The regulation of the State Board of Education governing the requirement for health education of the physical training teachers throughout the state applies only to class A high schools. Since this regulation has been in effect only for the present school year we have no data which would indicate the extent to which the regulation is being complied with.

Therefore any information which you may gather by way of a questionnaire will be of real interest to this department in our effort to raise the qualifications of these teachers in this particular field. I shall be pleased to have a copy of your findings.

Very truly yours

W. T. Markham

State Superintendent
