Dear Dr. Allen,

I'm sorry I haven't written to you sooner but have been plenty busy the last few weeks.

About the middle of December we leave on 8 week desert maneuvers which I'm really not looking forward to.

I sure enjoyed the last Jayhawker Rebounder. I don't see how you have enough time to write it up with all your work you have to do.

This afternoon Lt. Paul Hardman and his wife came up to the barracks to see me. It was really swell to see Paul again.
