

fine and dandy, but I'll bet a dollar he looks fussier than ever now with all those new trappings.

Capt. E. B. DeGroot,  
Hq. 4th Air Force,  
180 New Montgomery St.,  
San Francisco, Calif.

Captain DeGroot visited here May 21 and 22, and was in our home overnight. We are hoping the same good luck will come to Capt. DeGroot as has come to Major Elbel.

Paul Turner dropped in the office just before leaving for Oberlin College where he will be quartered July 1. He tells me that Ensign Knute Kresie is now Navigation Officer and captain of his squadron. Knute promised to send us a card giving his address, and when and if he does send it we will send Knute one of these letters.

Wayne "Bill" Replogle, C. Sp., writes us from Wabash College, Crawfordsville, Indiana, where he is doing a swell job. We are always delighted to hear from happy, aggressive and efficient Chief Bill.

Lieut. William G. Wade,  
Air Corps, Class 43-F,  
Stockton Field,  
Stockton, Calif.

Congratulations, Bill, on your winning your wings! Even though you could not stay after your freshman year, your accomplishments are splendid. Keep 'em flying, Bill, and drop plenty of hate on

the squareheads, spaghetti-benders and slit-eyes. Thank you for sending me the tear sheet from the Los Angeles Examiner, the sports column "To The Point" by Al Santoro. I enjoyed it, I assure you.

A/Sgt. Armand L. Dixon,  
Battery D, 103rd C.A. Tr. Bn.,  
Camp McQuaide, Calif.

Armand Dixon writes, "I am up for overseas shipment, so I get a five day furlough starting the 19th of June. . . .

Yesterday we took a 20 mile hike in four hours. I guess we'll get plenty of hiking when I go to O.C.S. in the infantry."

Ralph H. Miller,  
N.C.O.P.T.T.S.,  
Barracks 5, B.T.C. 4,  
Miami Beach, Florida.

Ralph "Cappy" Miller states, "Ray Evans and I hope to be at Scott Field. I think the air corps does a very good job with physical training, considering the great numbers and lack of facilities they have

had to work with. . . . They have some mighty fine fellows down here in school. I ran into John Kline and Spike Robertson here in Miami. John had just gotten in from Cuba after 10 months at sea. They are both here in sub-chaser school. . . . It is amazing how you run into K.U. people everywhere you go."

C. Sp. Don Ebling,  
U.S.S. Farragut,  
c/o Fleet Postmaster,  
San Francisco, Calif.

Don writes that he left San Pedro on April 7th and has been at sea since that time. Don completed gunnery and navigation school. Don, I got a letter from your lovely wife asking for a small favor,

and how quickly and happily we granted it.
