Dear Mr. Fuller:

Glad to know you enjoyed the Jayhawk
Rebounds.

Don't worry about the postage. It is
small in comparison to the good we hope to do by send-
ing these letters to the boys. And of course since
you are one of our thirty-third degree basketball fans
we will send you one each time.

With kindest regards, I am

Sincerely yours,

Dear Dr. Allen:

Wish to thank you very much for your second edition to the boys in the service which was most interesting. In fact, Mrs. Fuller thought it was even better than the first edition. I wouldn't go so far as to say it could be any better, but it is indeed an excellent idea and my frugal daughter Ada Lee asked if you paid personally for all of this postage. I laughed and said I didn't know, but it gave me the idea that if you are paying for it, will you accept my check for one or two rounds at least? *How much?*

With best regards and again thanking you, I am

Yours very truly,

Dear Phog:

Your June 1943 JAYHAWKER REBOUNDS is another truly valuable piece of contact work for the boys in service. Having been through the deal myself and having talked to scores of the boys in the present round, I know that a personalized letter like this not only satisfies a constant hunger that they have and thereby keeps up their morale, but it also ties them in more closely with the University than can ever be done when they are in civilian life after leaving the campus.

With best regards and good wishes, I am,

Cordially yours,

You make me feel like a real "Jay-hawk" when I see my name in print in your letters. I really appreciate it "Doc".

There are a lot of Kansans out here now, so I'm not outnumbered anymore. I see several K.U. boys whose faces are very familiar to me.

Dear General:

This confounded basketball coach is sending you one of these Jayhawk Rebounders. As if you didn't have enough to do without being bothered with one of these darn things!

However, I did want you to know that we always think of you when we think of Jayhawkers. You are the Big Jayhawk!

I trust that there is some part in this thing that will be interesting to you and Mrs. Davis. My kindest to Lane when you write him. You might send it to him, if you desire. If I had his address I would mail him one from here. I believe Lane will find it interesting reading about some of his old buddies. T. P. Hunter is right up there in the push against the Japs at the present. So is Fen Durand and others.

With all good wishes, I am

Sincerely yours,

Dear Mary:

I am sending you one of the Jayhawk Rebounds which I trust will be interesting reading in the Hamilton household. I am also sending one to Trooper Lee Hamilton, Jr., at Culver Military Academy. I imagine he will get a buzz out of it. At least I hope so.

I keep close to the Hamilton household through the letters that you and Mother write each other. This is just a note. We are promising a letter some time later.

With love to all,

Affectionately,

Director of Physical Education,
Varsity Basketball Coach.

Dear Lee:

This copy of the Jayhawk Rebound letter is the second issue that we are getting out for the boys. It is supposed to be sent on a monthly basis. We will send you one from time to time.

We trust that everything is going well with you, Bobby and Forrest Hughes. Good luck to you. You might let the Hughes boys read the Rebounder, although they will not be acquainted with the names of the Jayhawkers as well as you are.

Keep your chin up, and ride 'em rough!

Dear Mr. Nees:

I am sending you the second issue of our little in-
formative sheet that we get out for the boys in the service.
We have endeavored to express our affection and admiration
for Charles Wayne. Words are always so inadequate at such
a time as this to express our deeper feelings, but I want
you to know that Wayne established a definite spot in the
heart of the boys here on Mount Oread.

I trust that these words may find some interest in the
hearts of you and Mrs. Nees.

With deep understanding, I am

Sincerely yours,

Mr. Maurice L. Breidenthal,
Security National Bank,
Kansas City, Kansas.

Dear Maurice:

I just dropped a note to Tom Van Cleave and told him that some day real soon I was going to try to drop by and buy a lunchson for you and for him. It has been a long time since we have had an opportunity to sit down and break bread with you two Kansas City, Kansas, ruffians.

I like to hear you drawl that cuss word once in a while, and then have you express your expert opinion on something. That is not applesauce, that is what I think of Old Man Breidenthal. I will give you a ring before I start down to be sure that you are in the U.S.A. You travel almost as much as F. D., but I don't know what you would do with a coal strike on your hands. However, I am sure that you would get the job done. And too, I am sure that F. D. R. is going to do something about in 21 minutes. It is 9:59 Saturday morning when I am dictating this, and I am betting three to one that John Lewis will get whipped. They ought to put him on a flat bottomed boat and push him off toward North Africa.

I thought you wouldn't have time to read all of this mimeographed letter to the boys in the service but I wanted you to know that we are still trying to keep in touch with them and give them information regarding what athletics we have at the present time on Mt. Oread.

With all good wishes to you and your good family, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Mr. Tom Van Cleave,
604 Commerce Bldg.,
Kansas City, Kansas.

Dear Tommy:

Don't take time to read all of this but I wanted you to see that we are still trying to keep in touch with our Kansas athletes, wherever they are. They drop me a line, and while I endeavor to answer all their letters, I struck upon this plan in getting not only the information regarding athletics but I will also be able to give the different athletes the address of the other fellow. We will also mention their activities, which will be a point of interest to the boys in the service.

I am also sending a letter to Tom, Jr., as I know how vitally interested he was in the success of our basketball team and the boys from Kansas City, Kansas.

Some day I am going to drop in and buy you and Maurice Breidenthal a luncheon if I can catch you two fellows together. I have been pretty closely tied down here with our compulsory program, but it is a funny fellow that can't get away for a day now and then.

With the Allen's kindest regards to the Van Cleaves,

Sincerely yours,

Mr. Lacy Haynes,
Kansas City Star Bureau,
Kansas City, Kansas.

Dear Lacy:

Don't read all this dope, but I wanted you to see what we are doing for our Kansas athletes in the service. Many of these boys write us letters, and not being able to reply to all of them we get out a mimeographed letter with the addresses of each boy so that the other fellows can keep in touch with those they have for the moment lost contact with.

I have sent one to the "Admiral" at the George Washington Inn. I thought he would like to keep up with his old pals of former years.

Some time at the first opportunity I am going to drop in and have a visit with you. And you know I promised you that I would look after that post-flu difficulty of yours.

I was going to write you a special letter to thank you for your extreme kindness in taking care of Eleanor's announcement. Mrs. Allen and I deeply appreciate the same and I apologize for being tardy because it was a wonderful service that you did for us. You know these women just have to take care of those details when it comes to a wedding. And how you did it! You have been mighty friendly to the Allen family and we greatly appreciate it.

I was glad to see by Saturday morning's paper that William Allen White and the Mrs. were able to leave the hospital.

Give Mrs. Haynes and Mary Jane our warmest regards.

Cordially yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Frank:

I want you to know that I consider you the Number One Basketball Fan of Kansas. You have always been tremendously interested in the Jayhawkers, and you backed up your interest by attendance. And when you cannot attend, by inquiries.

I trust this letter will give you full information on the ups and downs of the Jayhawkers. Most of the friends of the Kansas team feel that if they could have stayed together we might have gone far in tournament play.

Wishing you continued success and best wishes from us over here, I am
