Honorable Errett P. Scrivener,  
Member of Congress,  
Washington, D. C.

Dear Congressman Scrivener:

It is indeed a pleasure for me to write you concerning the high qualifications of Ogden S. Jones, Jr., for consideration for an appointment at the United States Military Academy at West Point, New York.

I have known Ogden Jones for a number of years and have found him to be of the highest intellectual type. He is a splendid athlete, excelling in the high jump and hurdles in track. I have had the pleasure of playing golf with him a number of times and find him a sterling competitor and a high grade gentleman. He is an exceptional student.

He is highly regarded among his fellows and has the added ability to make friends in all walks of life. At the present time he is serving in the 14th Armored Division of the Seventh Army.

In my opinion he will be a real contribution to the Military Academy. It gives me great pleasure to testify to this young man's character, ability and standing in this community.

Very sincerely yours,
