Chanute Junior College
Chanute Kansas

27 Nov. 1943.

Mr. Forest C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence, Kansas.

Dear Sir:

I am writing you regarding the scheduling of a basketball game with your school. This institution is sponsoring an Army Air Force flight training program and has fallen heir to several experienced college players from various parts of the country. We feel we could furnish some first class competition but due to army regulations must necessarily schedule all games at home.

If you are interested, write or call Sergeant Harry Jeffers stating terms and conditions under which you would be willing to come to Chanute. We would appreciate a prompt reply.
