

WAR DEPARTMENT
HEADQUARTERS, SERVICES OF SUPPLY
OFFICE OF THE CHIEF SIGNAL OFFICER
WASHINGTON, D. C.

Dear Phog

As I read the morning paper over my coffee & rolls, I noticed the inclosed story about old "Ketchup" Logan — with the possibility you might not see the article. I'm sending it to you.

Savone keeps me well informed as to K. U. matters. I think your letter to the boys is a great thing.

I'm stationed in Washington, in the Pentagon Bldg — doing administrative work in the Army Pictorial Service, which makes the training films, trains the army photographers & directs all photographic work both still and motion for the Army Ground Forces.
