Mr. Brad Judy,
Montrose, Kansas.

Dear Brad:

Mighty happy to hear from you regarding Ted White. Yes, I helped Ted get a job and I knew that he stayed at the Phi Psi house for a while, but one of the boys told me that he had been terminated at the Sunflower Ordnance Works. Terminated is a polite word for getting fired.

I am just wondering what happened to Ted. I wrote him when his father died, but never saw him nor heard of him after he got on the job. This rather set me back a few notches because I had wanted to help him in every way, and I thought at least he should have come by here and let me know what was the cause of his dismissal. I had initiated all the activities, writing him and telling him about getting a job and doing all I could to help him get started in college. But your letter was the first informing me that he was coming back to school. I rather figured after he was dismissed that perhaps he did not have enough money to go to college. Of course, I will help him, Brad, but I want him to come to me and clear up some of the doubtful points.

It is perfectly all right in your not answering regarding my letter to the boys. I know how busy you are and I imagine you did such a swell job with them that you had a lot of activities and you never got caught up with them. For that reason I forgive you entirely because if you are anything like I am you doubtless are taking on a lot of extra work that you could easily get along without. All this adds up to a very crowded schedule.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
