Dear Mr. Johnson,

I would be very glad to have you as my guest for the Iowa State game at Lawrence on October 25. I assure you it will be a pleasure to have you with us.

You certainly are a loyal and enthusiastic follower of the fine sport of football as it should be played. I can tell by the way you write that you keep in close contact with things athletic and it is apparent that your outlook on the Kansas football situation is a very intelligent and wholesome one.

Will you please tell me what time you will arrive? If you drive, of course you may come to my office in the gymnasium. I have a sign above my door, "Department of Physical Education". I'd be very happy to see you and I'm sure that we would enjoy a very pleasant conversation.

Will you reply at your convenience?

Sincerely,

FCA/pg
