\$5,000 STUDENT-FACULTY GYMNASIUM DRIVE

Palmar Mem'l Inst.

Selalie, North Carolina

Dear Mr. Allen

Would you believe it? The students and teacher at Palmar last year raised \$2500.00 towards a \$5000.00 gymnasium as a fortieth anniversary appreciation to our President, Dr. Charlotte Hawkins Brown, who has served not only the students here but all over the Country. She was so pleased at the effort that she immediately began to erect this building by personally borrowing the other money, hoping that the students who are here now would be able to raise the rest of the money.

We came here this year and found the gymnasium all ready for our use. Our classes here began and our societies are being held there. It has definitely already helped to make every body happy.
