Dear Doctor Hugh:

It was awfully nice of you to show such exceptional courtesy to our team, and to our son, Bobby Allen. He greatly appreciated your offer to take him to the hospital, but he was so dead tired after that very tough game that he had to pass it up. However, he told me later how much he appreciated it, and next year we are hoping that he will be able to go with you on your very interesting rounds at the hospital.

With appreciation, I am

Very sincerely yours,

Manager, N.C.A.A. Basketball Tournament.
