Dear "Dog"

Many years have gone by since I saw you or heard from you except thro' News Papers. However as an old acquaintance I am going to present a proposition for your consideration:-

I have a son graduated from High school here in Council Bluffs Iowa this year. He has all qualifications of a big athlete. He is 18 years old, weighs 255 lbs and not fat, 6"  $\frac{1}{2}$ " tall and sound as far as I know. He was picked by the Council Bluffs - Iowa U. alumnae association to represent Abraham Lincoln Hi School at a special get-together at Iowa City last fall when Iowa defeated Notre Dame, all expenses paid. He is fast and makes a good line man has played Tackle - Guard and Center, each with marked success.
