

I am enclosing a marked copy of our curriculum for majors in Physical Education, showing the catalog description of the course in Tests and Measurements for undergraduates. You will also notice that we have in addition a more advanced course, No. 176, which gives graduate credit. I thought this might be of interest to you.

If there is any further information we can give you it will be a pleasure to respond.

Yes, indeed, we should be very glad to receive a complimentary copy of your "Practical Bibliography of Recreational Activities". I am sure it will be of value to our staff.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
