

February 10, 1939.

Mr. J. M. Justice,
Paola, Kansas.

Dear Mr. Justice:

I am leaving for Topeka this afternoon where we play Washburn College tonight, but I thought I should get some word to you in regard to the old gym equipment that might be available for your son.

I am sure that we have parts of some old parallel bars stored away at the stadium, and I asked one of our helpers to see what was there. I haven't been able to get a satisfactory reply, so I am going to have to investigate myself. I have been so rushed with coaching and administrative duties in the past few days that it has been impossible for me to put on some old clothes and go down there to see what I can find. However, I expect to do that before long.

I hope that your son is getting along satisfactorily. I shall try to send you word before long in regard to what sort of cast-off equipment we are able to locate.

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
