

difficult for you to be philosophical in in your sport as it would be for me to be in mind. Don't you think it would be a swell thing to let some of the other boys win some football games in the Big Six? Just think of the record crowds that would draw. If you can be philosophical in such a situation, and I know you can, you will take a lot of satisfaction in knowing that no greater impetus could come to Big Six football!

Lots of success to you, old Biffer! I am your chief annoyance!

Sincerely yours,
