Dear Mac:

MY GOOD FRIEND still is trying to find whether  
the ghost is still in the casket.

Sincerely yours,

FCA:AH

Director of Physical Education.

P.S. I still have this Bunn memorandum on my desk, but  
it is a long-winded story, so I have got to have time to  
dictate, which will take about 30 minutes, and you have  
been so bloomin' busy writing that I would wear you out  
if you would read it all at one time. I will write it  
soon, however.
